## Objection Letter

Objection Letter Status	Pending Industry Response
Objection Letter Date	11/04/2024
Submitted Date	11/04/2024
Respond By Date	12/04/2024

Dear Jacob Hendren,

### Introduction:

Thank you for your objection response letter dated June 28, 2024. This filing remains provisionally disapproved pending resolution of the following objections.

### Objection 1

Comments: With respect to the proposal for State Farm Mutual Automobile Insurance Company, please create a Post-Submission Update to the Rate/Rule Schedule to revise the "Overall % Indicated Change" field from "0.000%" to the Nevada-specific indication for that company.

### Objection 2

- Rate Manual Pages, See Attached (Rate)
- Rate Filing Data Summary (Supporting Document)

Comments: (i) The company needs to revise the effective dates for this filing by creating a Post-Submission Update to the General Information tab. The effective date for new business should be after a reasonable future date of approval. The effective date for renewal business should be at least 30 days after a reasonable future date of approval, to enable the company to send at least 30 days' advance notice of renewal to affected insureds, pursuant to NRS 687B.350.

(ii) Please also revise the effective dates in the Rate Manual, NV PC Form 1 - Part 2, and any other filing documentation where they are mentioned.

### Objection 3

- Rate Manual Pages, See Attached (Rate)
- Rate Filing Data Summary (Supporting Document)
- Rate Disruption (Supporting Document)
- Profitability Report (auto) (Supporting Document)

Comments: Based on the Profitability Reports provided, the Division is willing to approve the 0.053% overall increase for State Farm Mutual Automobile Insurance Company, but not the 0.239% overall increase for State Farm Fire and Casualty Company, which has had overall profitability of 18.19% in the latest accident year ending 4/30/2024, and 15.28% profitability over a five-year time period. Given that the "Overall % Indicated Change" listed in the Rate/Rule Schedule is still technically 0%, the Division would be willing to approve an overall neutral or slightly negative impact for State Farm Fire and Casualty Company, but not any impact greater than 0.000%, unless the company can provide a more recent Profitability Report (through 9/30/2024 or 10/31/2024), showing significant deterioration in the experience of the State Farm Fire and Casualty Company book of business.

Please amend the filing for State Farm Fire and Casualty Company to have a no-greater-than-neutral overall proposal. Please revise the Rate/Rule Schedule (via a Post-Submission Update), Rate Manual Pages, Rate Disruption, Rate Filing Data Summary (NV PC Form 1), and any other affected filing component in order to achieve this.

### Conclusion:

This filing will be closed if no response is received within 30 days. If you have any questions, please feel free to contact me through SERFF or by e-mail.

Sincerely,  
Gennady Stolyarov

Dear Jacob Hendren,

### Introduction:

*This filing is deemed incomplete and provisionally disapproved pending resolution of the following objections.*

### Objection 1

- Rate Filing Data Summary (Supporting Document)
- Profitability Report (auto) (Supporting Document)
- Investment Income Report (Supporting Document)
- Discounts (Supporting Document)
- Model Documentation (Supporting Document)
- Credit Scoring Statement (Supporting Document)
- Chargeable Accident Statement (Supporting Document)

- Nevada Evidence of Insurance Card (Supporting Document)
- UM/UIM and Med Pay Selection/Rejection Form (Supporting Document)
- Notice Explaining Premium Increases (Supporting Document)
- Violation Exhibit (Supporting Document)
- Underwriting Manual (Supporting Document)

*Comments: This filing contains overall rate increases proposed for State Farm Fire and Casualty Company (0.239%) and State Farm Mutual Automobile Insurance Company (0.053%), despite no rate indication or Profitability Report being provided. The Nevada Division of Insurance does not approve any increases, even minor or nominal ones, without a complete rate filing, which would include an indication, a Profitability Report, all Rate Filing Data Summary forms (NV PC Forms), and all other Supporting Documentation items. If State Farm wishes to avoid these requirements, it would need to amend its proposal to achieve overall neutral or slightly negative impacts for each company. Even an impact of +0.001% would trigger the aforementioned requirements.*

### Conclusion:

*This filing will be closed if no response is received within 30 days. If you have any questions, please feel free to contact me through SERFF or by e-mail.*

Dear Gennady Stolyarov,

### Introduction:

In response to your objection dated May 29, 2024.

### Response 1

#### Comments:

Please see the supporting documentation tab and rate and rule schedule for additional information.

Since we have prepared all the necessary exhibits and documentation for this filing, we have updated our rate impact data to use data through March 2024. The overall change and the max and min policyholder changes have remained the same. Please note that we are utilizing a new procedure to determine our indicated rate changes by coverage for non-Private Passenger vehicle types. The indicated rate changes by coverage were developed on a countrywide basis. The Nevada indicated rate changes by coverage were developed from the countrywide indications and consider the states experience. Accompanying exhibits are attached in the exhibits section of the supporting documentation tab within this filing.
